## **NOTICE**

**\*\*ONLY ONE RESIDENCE/BUSINESS PER WATER METER!\*\***

In 2022 the Environmental Protection Agency (EPA) notified all water districts that a mandatory "Service Line Inventory" must be completed by October 2024. This inventory was to list what type of service line each customer had at the inlet and outlet sides of the water meter.

Cumberland County Water District (CCWD) completed this mandatory inspection/inventory as required. During the process of the inspection/inventory it was discovered that several customers had more than one residence/business per water meter. Meter sharing is a violation of the CCWD Tariff and the Water Service Contract which is signed by each CCWD customer when applying for water service.

Any CCWD customer in violation of this rule will be required to follow the proper procedure to apply for and pay for each additional water tap as required by the rules and regulations of the CCWD Tariff, Water Service Contract and the Kentucky Public Service Commission.

Please contact CCWD at 270-864-3133 for more information. Office hours are Monday-Friday 8:00am-4:00pm CST.
